EDUCATION

Bachelor of Technology in CSE(AI&ML)
KIET Group of Institutions, AKTU, 8.8 CGPA

Nov 2022 – Aug 2026
Ghaziabad, UP

EXPERIENCE

AI Trainee

Xtreme Management Solutions

Remote, India

Dec 2025 – Jan 2026

- Trained and optimized the conversational AI chatbot “Maya” for US-based company Neuralace by improving response accuracy and user interaction flow

Publications

SkillMitra: A Hybrid AI Framework for Intelligent Skill Swapping Using SBERT Embeddings, Collaborative Filtering, and NLP-Driven Micro-Challenge Generation

June 2026

Tanushka Verma, Urvashi Kushwaha, Ayush Anand, Shreya Rai [Link](#) [🔗](#)

PROJECTS

SkillMitra - AI Powered Skill Swapping Platform | *Python, NLP, Cosine Similarity, SBERT, Scikit-learn, TF-IDF, OpenAI API*

Oct 2025 - Present

- Built AI-based peer matching using SBERT + cosine similarity achieving **87%** recommendation accuracy
- Developed NLP micro-challenge generator with OpenAI API improving engagement (4.2/5 rating)
- Implemented gamification (streaks, heatmaps) increasing user retention by **40–60%**

IntroSense | [🔗](#) *Python, Streamlit, Pandas, Scikit-learn, OpenPyXL, Rule-based NLP, TF-IDF, Excel Rubric Processing*

Nov 2025

- Built a data-driven evaluation system using TF-IDF and NLP techniques
- Performed data preprocessing, feature extraction, and scoring logic implementation
- Automated analysis of textual data to generate structured insights

Summarify [🔗](#) | *Python, Streamlit, HuggingFace Transformers, pdfplumber, PyMuPDF*

July 2025

- Developed NLP-based research assistant using HuggingFace Transformers for summarization and Q&A
- Performed PDF extraction, preprocessing, and text cleaning
- Built end-to-end pipeline from raw documents to model inference

TECHNICAL SKILLS

Languages: Java, Python, SQL

Tools: MS Excel, VS Code, PyCharm, Jupyter Notebook, GitHub

Technologies and Frameworks: TensorFlow, PyTorch, FastAPI, OpenCV, NumPy, Pandas, scikit-learn, Power BI, Tableau

AI/ML Skills: Machine Learning, Natural Language Processing (NLP), Large Language Models (LLMs), Conversational AI, Generative AI, Data Preprocessing, Model Development, Model Evaluation

ACHIEVEMENTS

- Secured **1st place** in the Department-level CodeChef Contest, demonstrating strong problem-solving
- Enhanced algorithmic efficiency through dedicated practice on 300+ Java problems, attaining a LeetCode contest rank of 1394, and validating strong analytical capabilities — [View Profile](#) [🔗](#)

CERTIFICATIONS

AWS Certified Machine Learning Engineer - Associate - AWS | [View Certificate](#) [🔗](#)

AWS Certified AI Practitioner - AWS | [View Certificate](#) [🔗](#)

POSITIONS OF RESPONSIBILITY

Organizer - Innotech 2024

Nov 2024

- Collaborated with a cross-functional team to plan, structure, and successfully execute Innotech 2024, a flagship college-wide technology fest that brought together students, faculty, and industry mentors

Coordinator – DSDL Club

Nov 2023 – April 2026

- Mentored more than 25 students in Python programming and foundational Machine Learning concepts, focusing on practical application and hands-on implementation
